**Pastor Benjamin (Bent) Altschul Sharing His Inspirational Testimony**

Pastor Altschul's ministry includes Prophetic Teaching, Healing and Restoration, Prophecy Symposiums, Pastors Renewals, and Leaders Event Planning. The biographical segment shows how he emigrated from Denmark to America as a young adult with entrepreneurial abilities, he turned \$100 into a successful college textbook publishing house that made millions. God's calling for world ministry, matured in the USA in 1984.

Pastor Andreas Timm, Regional Manager of the Federation of Free Evangelical Churches of Germany, said; Our leadership team (elders and pastors) described Pastor Altschul's ministry as fatherly and very mature, while absolutely Christ-centered, humble and full of

love. There was the sovereign working of God without music, without a worship team, without pushing people and without manipulation, when Pastor Altschul ministers. There was a prophetic counseling and anointing for the individuals as he ministered, and he spoke into the people's life's situations. We rejoiced how he ministered to the individual people and how the Lord encouraged each of them."
